

## Research Service Connected to the AAF

### Research services

- |   |   |
|---|---|
| 1. AAF Assurance  | 80. IIE Diver                                     |
| 2. AAF Build Service                                      | 81. ImageTrove                                    |
| 3. AAF Certificate Service                                | 82. InterOmeka                                    |
| 4. AAF Groups   | 83. Intersect Private Launch                      |
| 5. AAF Hosted IdP Service                                 | 84. Intersect REDCap Training                     |
| 6. AAF Identity Enhancement                               | 85. James Cook University eResearch Centre Portal |
| 7. AAF Management Tools                                   | 86. James Cook University Research Data Catalogue |
| 8. AAF Monitoring   | 87. James Cook University Research Services       |
| 9. AAF Reporting Service                                  | 88. LabArchives                                   |
| 10. AAF Status Service                                    | 89. Launchpod                                     |
| 11. AAF Subscriber Service                                | 90. Macquarie DIVER                               |
| 12. AARNet Services                                       | 91. Marine Virtual Laboratory Portal              |
| 13. Aaser   | 92. Medical Radiation Science                     |
| 14. AC Lab System   | 93. MeRC Authentication Translator                |
| 15. Ace   | 94. Midja Map                                     |
| 16. ACLS  | 95. Minerals Down Under                           |
| 17. Addiction Medicine Exambank                           | 96. Monash eResearch Center HPC ID                |
| 18. Alveo Production                                      | 97. Monash University FieldTeq                    |
| 19. Alveo Repository                                      | 98. Nectar CI Server                              |
| 20. ANDS Online Services Production SP                    | 99. Nectar Cloud                                  |
| 21. ANFFHub   | 100. Nectar Freshdesk PIP - FD2                   |
| 22. APAN Web site   | 101. Nectar Log Server                            |
| 23. app.sres.io   | 102. NeCTAR Research Cloud Monitoring             |
| 24. ARIN  | 103. Nectar Research Cloud Support                |
| 25. ARMS qriscloud  | 104. Occupational Therapy Simulations             |
| 26. Atlases of Pathology                                  | 105. OMEKA AAF                                    |
| 27. AURIN Portal  | 106. Osiris - Isis Planetary Imaging Utilities    |
| 28. AusArts   | 107. OzTrack                                      |
| 29. AuScope Portal  | 108. Plant Phenomics                              |
| 30. AusStage  | 109. PPMS Core Facility Management                |
| 31. AusTalk   | 110. ProtAnnotator Biolinfo                       |
| 32. Austlit   | 111. QCIF ARMS                                    |
| 33. Australian Access Federation Virtual Home             | 112. QCIF QRIScloud Services Portal               |
| 34. Australian Health News Research Collaboration (AHNRC) | 113. QRIScloud Nextcloud Production               |
| 35. Australian National Corpus - AusNC                    | 114. QRIScloud Public Bug Tracker                 |
| 36. Australian Phenome Bank                               | 115. qriscloud redbox production server           |
| 37. Australian Phenomics Facility                         | 116. Quadrant (by QCIF)                           |

38. Box Cloud Content Collaboration	117. RDDS-Production
39. Centre of Excellence for Climate System Science Test	118. RDS Project Website
40. Chemlab	119. RDSI ARMS
41. Cirrus	120. Redbox for Research (byQCIF)
42. Cloud Based Image Analysis & Processing Toolkit	121. REDCap
43. Cloudstor Realm Services (User Acceptance)	122. ResBaz Cloud
44. Cloudstor Services	123. Research Computing Centre, The University of Queensland
45. CMSSHUB	124. Research Data Australia
46. CoESRA	125. Research Data Management Tool
47. Collaborative Lecture Annotation System (CLAS)	126. Research Data Manager
48. CSIRO - Minerals Down Under (MDU) Portal	127. Research Professional
49. CSIRO Data Access Portal	128. Research-Storage
50. CSU Regional Archives Gallery	129. SHaRED
51. Czar	130. Shared-web applications
52. dc21 staging	131. Shibboleth Issues Tracker
53. Deakin Data Portal	132. Shibboleth Wiki
54. Disaster Medicine and Public Health Preparedness	133. snapdeploy
55. DIVER (HiEV data portal instance)	134. Spartan HPC
56. ECP Validator	135. Sydney Harbour Observatory
57. Edward HPC	136. telescope-net portal
58. endoVL - the endocrine genomics virtual laboratory	137. TERENA Service Provider Proxy
59. eRSA Account Application	138. TERN DOI system
60. eRSA Guacamole	139. Terra Nova - Climate Change Adaptation Information Hub
61. eRSA Omeka	140. The Australian Collaboration for Clinical Assessment in Medicine (ACCLaIM)
62. eRSA Reporting	141. The Biodiversity and Climate Change Virtual Laboratory (BCCVL)
63. eSpaces	142. Theoretical Astrophysical Observatory
64. European Molecular Biology Organization (EMBO)	143. TPA Timelapse
65. Ex Libris Alma (CSIRO)	144. TPAC Digital Library Portal
66. Extralarge	145. TriSMA
67. Federated Services	146. TrustStore
68. Federation Status Dashboard	147. UC-AURIN
69. FieldTeq	148. UniSA - DMPS
70. Galaxy-EndoVL	149. UniSA - Research Data Management
71. Genomics Virtual Lab (Members Area)	150. UniSA - ResearchMetadataStore
72. Genomics Virtual Lab: Galaxy Workflow (Members Area)	151. UQ 3D Water Atlas
73. Griffith In Asia Agri-Business collaborative platform	152. UQ eSpace
74. gSTAR Data Management & Collaboration Platform	153. UQ HPC Facility
75. Heroku Demo	154. UQ RDM - Production
76. HiEv	155. UTSremotelab
77. Housemod Aurin	156. Validator Service
78. HuNI Virtual Laboratory	157. Westmead cBioPortal
79. idpp.intersect.org.au	158. Zegami - The Plant Accelerator
